

JENNIFER CHANDLER

CURRICULUM VITAE

PROFESSIONAL PRACTICE

Mayacamas Landscape Architecture,

Northbay, California, January 2018-

Owner/Principal. See CCLA below for project types.

Chandler & Chandler Landscape Architects,

Napa, California, 2005- December 2017

Managing Partner. CCLA projects range widely, from residential garden design, multi-family housing, three to five star hotels, wineries, and horse ranches, to public projects including parks design and master plans. Recent projects include a five star hotel, Le Meridien in Bhutan, the Napa Valley Hospice gardens, Skyline Regional Park Master Plan, Oxbow Preserve Park, Holman Ranch, the Elson residence, a LEED Platinum project, and the O'Neill residence, a Passive House, net-zero energy and LEED platinum project. Responsible for conceptual and schematic design, design development, coordination of submittal and construction document packages (grading, drainage, storm water management, irrigation, planting design and detailing) construction observation, facilitate public meetings, as well as oversee all business administration and development.

Royal Court of Bhutan, Royal Government of Bhutan,

Thimphu, Bhutan, September 2012 to June 2013

Prepared detailed design and construction documents for Bhutan's new Supreme Court, a twelve acre project, that incorporates Bhutan's cultural heritage, Buddhist symbolism, water features, and sustainable storm water management. CD's included grading, drainage, stormwater management, detailing and native planting design. Side consulting projects included a highway beautification project, landscape concept for the nation's primary stadium, and new Hindu temple.

Ministry of Works and Human Settlement, Royal Government of Bhutan,

Thimphu, Bhutan, October 2011-June 2012

Prepared landscape concept plans for five primary projects and advised government planners and architects on green building, bicycle routes and city planning issues. Projects included Bhutan's new Supreme Court complex, the Royal Audit Authority Training Centre, Thimphu Dzongkhag (County) new governor's office complex, Changjii Housing Children's Park and Landscape Master Plan, and a linear park along the Chuubachu waterway.

Jennifer Chandler, Landscape Architect,

Napa Valley, California, 1997-2005

Principal of small design practice doing a range of projects from affordable housing, historic restoration/renovation, commercial, parks design, trail design, and garden design. Designed Esther Deaver Park, a neighborhood park, focusing on local recreation needs and native plant restoration. Park program was developed through a series of community meetings facilitated by JCLA. Designed eight Napa Valley affordable housing projects, including cottages, new and rehabilitated apartments and single family units. Work included preparation of concept plans for presentation to city governments, contract documents and construction observation. Principal designer and project manager for new Cragmont Elementary School,

JENNIFER CHANDLER

Berkeley, CA (as consultant to Pattillo and Garrett Associates, Landscape Architects, Oakland). Designed play areas and developed planting areas as a series of educational theme gardens. Extensive residential garden design (from the concept phase through to construction observation) in a variety of styles, including French, Spanish, Southwestern, and Japanese. Other work included streambank restoration and erosion control plans.

Jack Chandler and Associates,

Landscape Architects, Yountville, California, 1991-1997.

Project manager and team member for single-family residences, multi-family complexes, and other commercial work in California, Texas, and Utah. Design responsibilities included design development, planting and irrigation design, design detailing and fountain design. Prepared all contract documents: layout, grading, planting, irrigation, and details. Wrote specific project maintenance manuals, including overall goals and guidelines, monthly and weekly tasks and detailed species care recommendations. Other responsibilities included bidding and construction observation, supervision of team members, client contact, consultant coordination, and maintenance observation. Varied projects included: a viewshed analysis with development of viewshed impact mitigation guidelines, a landscape-based wastewater disposal project, and a butterfly garden.

Bruce Kelly/David Varnell,

Landscape Architects, New York, New York, 1989-1991.

Designed planting for Piedmont Park, Atlanta, and other projects. Developed historic and circulation master plans for a one mile length of Central Park's western edge. As team member developed historic landscape documentation and Downing-style landscape reconstruction for The Hermitage, Hohokus, NJ and wrote the landscape component of a successful grant application for the project. Project manager for 8-sheet set of analysis and schematic design drawings for American Museum of Natural History, New York. Collaborator on historic analyses, program analyses, and design development for several large urban parks, including Piedmont Park, Atlanta; Riverside Park, New York; Delaware Park, Buffalo; and Forest Park, St. Louis. Designed schematic urban design for Presidential Parkway area, Atlanta. Designed planting for seven separate gardens for the Heinz family, Pittsburgh, PA, an \$800,000 installation contract in 1991.

TEACHING/LECTURE/RESEARCH EXPERIENCE

University of California, Davis,

Davis, California, 2004, 2006

Lecturer, LDA 191, Planting Design. The courses addressed the aesthetic and cultural aspects of planting design, with a range of both theoretical and real projects, including gardens, parks, commercial, and restoration projects. Students were required to work in studio and worked individually on all major projects.

University of California, Davis,

Davis, California, 2002

Lecturer, LDA 191, Napa River Downtown Waterfront Design Studio. The class focused for the entire quarter on the waterfront development areas of Napa, CA, currently the focus of a flood control project, which will significantly reconfigure the downtown area of the city. Students met with representatives of the flood control project, community advocacy groups, business leaders and local government officials.

JENNIFER CHANDLER

SELECTED PROJECT EXPERIENCE

- Chen Residence, Saratoga, CA
Co-design and produce construction documents for \$4 million residential landscape.
- Supreme Court Complex, Thimphu, Bhutan
Design major public space (12 acres) incorporating Bhutan’s principles of law, Buddhism, and environmentalism to honor the fourth King, incorporating green storm water management.
- Royal Audit Authority Training Centre, Damphu, Tstring, Bhutan
Site and landscape design for training campus, including rainwater harvesting.
- Chuubachu Linear Park, Thimphu, Bhutan

JENNIFER CHANDLER

Design the City of Thimphu's second park along a major creek for passive recreation, children's play and increased pedestrian connectivity.

- O'Neill Residence, Sonoma, CA
Design and detailing for Passive House, net-zero energy, LEED Platinum residence.
- Elson Residence, Napa, CA
Design and detailing for LEED Platinum residence.
- Terrano Napa Valley, Calistoga, CA
Master plan, schematic design, and LEED charrette for proposed 5 star resort.
- Milliken Creek Inn Expansion, Napa, CA
Design for expansion of five star inn.
- Holman Ranch, Carmel Valley, CA
Master Plan and site design for a 400 acre historic ranch, including new event gardens, circulation, and renovation of existing horse facilities.
- Skyline Park Master Plan, Napa, California, County of Napa
Prepared Master Plan for park, evaluating current and future uses, board governance, expansion areas, and areas of potential conflict and impact.
- Esther Deaver Park, Napa, California, City of Napa
A neighborhood park, focusing on local recreation needs and native plant restoration. Program was developed through a series of community meetings.
- Oxbow Preserve, Napa, CA, City of Napa Redevelopment
With SWA, Master Plan, conceptual design, planting (re-vegetation) and irrigation design.
- Oxbow Commons, Napa, CA, City of Napa Redevelopment
With SWA, developed Master Plan, conceptual and schematic design, community meeting facilitation.
- Napa-Solano Ridge Trail, Napa, CA, Bay Area Ridge Trail Council
Conceptual trail layout and environmental report addressing impacts on Lake Marie Creek.
- Cragmont Elementary School, Berkeley, CA, Pattillo and Garrett Assoc.
Designed planting areas as a series of educational theme gardens and play areas.
- Ranch House, Austin, TX, North American Properties
One of many projects for NAP. Planting design, site design for 350 unit apartment complex.

EDUCATION

Cornell University, Ithaca, NY
Reed College, Portland, OR

Masters in Landscape Architecture, 1991
B.A. History-Literature, 1984
